

# The Nuclear Force and Nuclear Structure

Yibing Qiu  
yibing.qiu@hotmail.com

**Abstract:** shows the most fundamental nature of the nuclear force, and the nuclear overall structure.

## Main Viewpoints and Conclusions:

1. The most fundamental nature of nuclear forces is *electrostatic forces*.<sup>[1]</sup>
2. The basic structure of an atomic nucleus is a *quasi frog-eggs structure*.<sup>[2]</sup>
